

STATEMENT OF WORK
Upland Wildlife Habitat Management (645)
OKLAHOMA

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.

DESIGN

Deliverables:

1. Design documentation that will demonstrate that the criteria in NRCS practice standard have been met and are compatible with other planned and applied practices.
2. Practice purpose(s) as identified in the conservation plan.
3. List of required permits to be obtained by the client.
4. List of facilitating practices (i.e. Brush Management – 314, Forest Stand Improvement – 666, etc.)
5. Practice standard criteria-related inventories and analyses to develop Upland Wildlife Habitat Management plans and specifications including but not limited to:
 - a. Resource inventories and/or appropriate Habitat Evaluation Guides
 - b. Identification of wildlife targeted species and habitat requirements
 - c. Minimum quality criteria.
6. Operation and maintenance plan
7. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits. Plans and specifications shall be developed in accordance with the requirements of conservation practice standard Upland Wildlife Habitat Management (645).
8. Certifications that the design meets practice standard criteria and comply with applicable laws and regulations
9. Design modifications during installation as required.

INSTALLATION

Deliverables

1. Pre-application conference with client
2. Verification that client has obtained required permits
3. Application assistance
4. Facilitate and implement required upland wildlife habitat management plan modifications with client and original designer
5. Certification that the application process meets upland wildlife habitat management plan and permit requirements
6. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation.
7. Certification that the application process and materials meets design and permit requirements.

CHECK OUT

Deliverables

1. Records of application
 - a. Targeted wildlife specie(s)
 - b. Home Range requirements
 - c. Quality and quantity of minimum habitat element as documented in Habitat Evaluation Guide
 - d. Location and size of habitat acres
 - e. Methods used to develop or maintain habitat
2. Certification that the installation meets NRCS standards and specifications and is in compliance with permits
3. Progress reporting
